Implementation Consultant

Join our team and help clients implement our distribution management and accounting software package

Alterity, Inc. is a growing software company in Arlington, Texas. We are looking for someone who is passionate about working with small business clients and competent in small business accounting practices.

Acctivate is the leading inventory management software package that is integrated with QuickBooks®.

General Details:

- This is an entry-level position, but we promote from within and our team includes many UTA graduates.
- We will work with your school schedule; however the ability to work during normal business hours is important.
- We will train the right candidate.

Job Description:

- Provide training and business operation consulting for our clients
- Manage new clients through the implementation process
- Assist with data migration from other accounting software packages

Qualifications:

- Must have excellent verbal and written communication skills in English
- Must have a passion to help small business customers succeed
- Experience working for and/or with small businesses is a plus
- Experience with small business accounting software (QuickBooks preferred)
- Familiarity with operations and inventory management
- Experience with SAP Crystal Reports or a business report writing utility is a plus
- Microsoft SQL Server experience is also a plus
- Must be organized and detail oriented
